IMPORTANT DATES

July

- 2nd: Poultry Webinar
- 4th: Office Closed
- 10th: Carbon Market Webinar
- 15th: Crop Reporting Deadline
- 14th-16th: Beef Processing Workshop, Lexington
- 22nd: Corn, Soybean & Tobacco Field Day, Princeton
- 23rd: Farm Succession Seminar, Owensboro
- 24th: Barn Quilt Painting Workshop
- 31st: Corn Silage Plot Walk, Liberty

August

14th - 24th: Kentucky State Fair

Summer Heat Safety

Heat Exhaustion

ACT FAST

- Move to a cooler area
- Loosen clothing
- Sip cool water
- Seek medical help if symptoms don't improve

Dizziness

Thirst

Heavy Sweating

Nausea

Weakness

Heat Stroke

ACT FAST

CALL 911

- Move person to a cooler area
- Loosen clothing and remove extra layers
- Cool with water or ice

Confusion

Dizziness

Becomes Unconscious

Heat exhaustion can lead to heat stroke.

Heat stroke can cause death or permanent disability if emergency treatment is not given.

SOUTH-CENTRAL KY

Hay Contest

The South-Central KY Area Hay Contest is offered to all individuals raising hay in Adair, Casey, Clinton, Cumberland, Green, Marion, McCreary, Pulaski, Rockcastle, Russell, Taylor, Washington, and Wayne counties. This program aims to provide producers with free hay analysis results to aid in educating producers on raising higher quality forages and meeting livestock needs.

Producers may submit multiple samples in each contest area to their county agriculture agent. Samples must be submitted no later than September 30th, 2025. Results will include crude protein, DM, TDN, RFV, ADF, and NDF. After completion of the program, an area-wide event will be held to provide an educational overview of the program and present awards to contest winners. There will be one winner selected for the entire area for each hay class. Please reach out to your county agriculture agent for further information.

Disabilities
accommodated
with prior notification.

Sheep and Goat Considerations

- Expect market prices for all classes of sheep and goats to be lower during the summer and fall months.
- Always observe proper withdrawal times on de-wormers, antibiotics, and other drugs before sending any animal to slaughter.

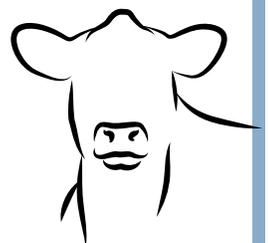

Timely Forage Tips

- Continue grazing available summer annuals (millets, sorghum/Sudangrass, crabgrass, etc.).
- Apply 40-60 lb N/A to stimulate summer annual regrowth.
- Clip pastures late June/early July as needed to maintain vegetative growth and to reduce weed seeds, but don't clip lower than 4".
- Identify fescue pastures for stockpiling. Choose pastures that are well drained, have a strong sod, and have not been overgrazed.
- Soil test pastures to determine fertility needs.
- Using UK variety trial results, select varieties to plant in the fall and order seed.
- Use a designated sacrifice lot to feed livestock hay and supplements as needed if drought sets in and no forage is available for grazing.

Beef Timely Tips

- Check pastures for downed wild cherry trees after storms (wilted wild cherry leaves are toxic to cattle).
- Be sure that clean water is always available, especially in hot weather. Make routine checks of the water supply. Cattle need 13 to 20 gallons of clean water in hot weather. Cattle should have access to shade.
- Maintain a weed control program in permanent pastures and continue to "spot-spray" thistle, honey locust, etc.
- Have forage analyses conducted on spring-cut hay and have large, round bales covered. Begin planning the winter feeding program now. Most of the hay was cut late due to a wet spring.
- Start soil testing pastures to determine fertilization needs for this fall.
- July is typically dry in Kentucky. Begin planning now for reduced rainfall and forage growth. If the weather dries up, you may need to begin feeding hay/supplement August-October to allow for fall stockpiling of fescue.

STATEWIDE EVENTS

If you are interested in any of the state wide events more information can be found on Facebook, the University of Kentucky Animal Sciences Website, or by contacting the office!

SAVE THE DATE July 22, 2025

Corn, Soybean & Tobacco Field Day

UKREC FARM, 300 EXTENSION FARM RD., PRINCETON, KY 42445

Jolene Brown

Farm businesses are in a constant state of change. Each year farm operators, family, and employees experience changes in age, health, equity, and opportunity costs. Other factors, including interest, taxes, births, deaths, marriage and divorce, can all affect the vitality of a farm business. The Kentucky Farm Succession Seminar looks to bring knowledge of how to handle these changes to make it easier for you and your business. Come and listen to national experts, extension specialists, and local resources discuss these topics and more!

PRESENTER PROFILES

Jolene Brown

Jolene Brown is a walking-talking spokesperson and champion for the people of agriculture. She's a farmer in Eastern Iowa, contributor to Successful Farming magazine's popular family business column, author of two great books and an inductee in to the prestigious CPAE Speaker Hall of Fame. Her worldwide audiences appreciate her fun-filled spirit and valuable information.

Dr. Steve Isaacs

Steve Isaacs serves the UK College of Agriculture, Food & Environment as an Extension Professor in Agricultural Economics and co-director of the Kentucky Agricultural Leadership Program. Steve has won Extension and teaching awards at the state, regional, and national level. He has international farm management experience in Africa, Europe, New Zealand, and South America.

Aleta Botts

Aleta Botts serves as the Coordinator for the Kentucky Farmland Transition Initiative, a project launched by Kentucky Farm Bureau to help keep farmland in the hands of active farmers. Aleta brings 25 years of experience in government, nonprofit, and private sectors to this role.

Wesley Tucker

Wesley Tucker is a Farm & Ranch Transition Specialist with University of Missouri Extension and cattle producer in the Ozarks. He has 24 years experience assisting agricultural producers throughout the U.S. His passion is assisting families through complicated family dynamics, so the farm can be a thriving business for future generations.

PANEL OF KEY ADVISORS

Lora Lee Robey

Lora Lee Robey, Esq. is a proud Kentuckian and graduate of the University of Kentucky College of Law. Robey's practice areas include probate and estate planning, real estate transactions, entity creation, business advisement, and farm succession.

Josh Searcy

Josh Searcy is the Director of Trust and Investment Services at Independence Bank, where he brings legal expertise and financial leadership to clients across the Commonwealth. With a legal career spanning over 14 years, Josh has an impressive background in representing financial institutions, governmental bodies, and individuals across a wide range of legal matters.

Suzy Martin

Suzy Martin has been a specialist with the Kentucky Farm Business Management Program for 25 years. She works with member farms to provide financial planning, economic analysis, comparative benchmarking, financial statement generation and more through personal, one-on-one consultations.

PREPARING FARMERS & RANCHERS FOR THE FUTURE OF CARBON MARKETS

online webinar

DATE : July 10, 2025
TIME : 11:30 -12:30 CST

Carbon markets are rapidly evolving – and it’s important for producers to stay informed. This webinar is designed to help farmers and ranchers understand where things stand and what’s coming next.

We’ll cover:

- The current status of carbon markets in agriculture
- The difference between carbon offsets and carbon insets
- What these terms mean for producers
- Production, marketing, and legal risks tied to carbon programs
- How to prepare for the future of carbon in ag

Whether you’re already considering a carbon program or just want to learn more, this session is for you.

This webinar is free, but you must register:

Apple Berry Salsa and Chips

Ingredients

- 1 medium granny smith apple
- 3/4 cup strawberries
- 1 small orange
- 1/2 can crushed pineapple
- 1/2 tablespoon brown sugar
- 1 tablespoon orange juice
- *12 (8-inch) fat free tortillas
- *2 teaspoons cinnamon
- *1/4 cup sugar
- *Vegetable cooking spray

Directions:

Apple Berry Salsa

1. Wash, core, and dice apple, with peel.
2. Wash, hull, and dice strawberries.
3. Wash, peel, and dice orange.
4. Pour pineapples in a bowl along with the apple, strawberries, and orange. Stir gently.
5. In a small separate bowl, mix orange juice and brown sugar with a fork until combined.
6. Pour over fruit and refrigerate while making cinnamon crisps.

Cinnamon Chips

1. Preheat oven to 350 degrees.
2. Spray each side of tortillas with vegetable spay.
3. Sprinkle with cinnamon and sugar.
4. Cut into 4 wedges.
5. Place of baking sheet. Bake 10 minutes.
